

Virtual Plot Booking Output Email

In Plot booking process, after submitting each booking the Robot must send an email to buyer and seller with new booking number, here is the sample templet of email.

The screenshot shows an email client interface with a blue header bar containing the text "Plot has booked Successfully - [Booking Number]". The ribbon includes "File", "Message", "Insert", "Options", "Format Text", "Review", and "Help". The "Message" ribbon is active, showing options for "Paste", "Basic Text" (bold, italic, underline, text color, background color, bulleted list, numbered list, indent, outdent), "Names" (Address Book, Check Names), and "Include" (Attach File, Link, Signature). The email fields are: "From" (dropdown), "To" ([Buyer Email Id]; [Seller Email Id]), "Cc" (empty), and "Subject" (Plot has booked Successfully - [Booking Number]).
